

Traffic Code Amendments

LONG TITLE

General Description:

This bill modifies the Motor Vehicles Code by amending provisions related to the exchange of insurance information, lighting requirements for slow moving vehicles, aftermarket modifications to large vehicles, and non-transparent material on rear side windows.

Highlighted Provisions:

This bill:

- requires the operator of vehicle to provide insurance provider information to persons involved in an accident;
- repeals certain tail lamp and head lamp exceptions for motor vehicles operated at 20 miles per hour or less;
- applies aftermarket limitations to adjustments to frame height, wheelbase, and bumper height to all vehicles not just vehicles with a gross vehicle weight rating of 15,000 pounds or less;
- clarifies that rear side windows may have non-transparent material on them; and
- makes technical changes.

Monies Appropriated in this Bill:

None

37 Part 4

38 1. *Should we require the exchange of insurance information after an accident?*

39 41-6-31. Accident involving injury, death, or property damage -- Duties of operator, 40 occupant, and owner.

41 (1) The operator of a vehicle involved in an accident resulting in injury to or death of any
42 person or damage to any vehicle or other property, if the vehicle or other property is
43 operated, occupied, or attended by any person or if the owner of the vehicle or property is
44 present, shall:

45 (a) give to the persons involved_:

46 (i) ~~[his] the operator's~~ name, address, and the registration number of the
47 vehicle ~~[he is operating]~~ being operated; and

48 (ii) the name of the insurance provider covering the vehicle being operated
49 including the phone number of the agent or provider;

50 (b) upon request and if available, exhibit his operator's license to:

51 (i) any investigating peace officer present;

52 (ii) the person struck;

53 (iii) the operator, occupant of, or person attending the vehicle or other property
54 damaged in the accident; and

55 (iv) the owner of property damaged in the accident, if present; and

56 (c) render to any person injured in the collision reasonable assistance, including the
57 transporting, or the making of arrangements for the transporting, of the person to a
58 physician, surgeon, or hospital for medical or surgical treatment if it is apparent
59 that treatment is necessary or if the transporting is requested by the injured

WORKING DRAFT -- FOR DISCUSSION PURPOSES ONLY

person.

(2) The operator of a vehicle involved in an accident resulting in injury to or death of any person or property damage to an apparent extent of \$1,000 or more shall immediately and by the quickest means of communication available give notice of the accident to the nearest office of a law enforcement agency.

(3) If the operator of a vehicle is physically incapable of giving an immediate notice of an accident as required in Subsections (1) and (2) and there is another occupant in the vehicle at the time of the accident capable of giving an immediate notice, the occupant shall give or cause to be given the notice required of the operator under this section.

(4) If the operator is physically incapable of making a report in a manner specified by the division of an accident when required under Section 41-6-35 and he is not the owner of the vehicle, then the owner of the vehicle involved in the accident shall within 15 days after becoming aware of the accident make the report required of the operator under this section.

Part 16

2. *Should Section 41-6-138 be repealed? Is this exception needed? -- UHP says it is already covered so it should be repealed. This section allows a motor vehicle operated on a highway, during hours of darkness, and traveling under 20 miles per hour to have less than standard lighting. The primary exception is for tail lights, i.e. all other motor vehicles "shall be equipped with at least two tail lamps and two or more red reflectors mounted on the rear." For head lamps the exception is more subtle, i.e. all other motor vehicles "shall be equipped with at least two head lamps with at least one on each side of the front of the motor vehicle..."*

41-6-138. Requirements for slow-moving vehicles.

~~[Any motor vehicle may be operated under the conditions specified in Section 41-6-118 when equipped with two lighted lamps upon the front thereof capable of revealing persons and vehicles 100 feet ahead provided, however, that at no time shall it be operated at a speed in excess of 20 miles per hour.]~~

3. *Should we remove the weight rating under old sections 41-6-148.28 and 41-6-148.33? These sections provide limitations for aftermarket adjustments to frame height, wheelbase, and bumper height, and for replacement parts being used for the purpose for which they were manufactured.*

92 **41-6-148.29. Vehicles subject to Sections 41-6-148.29 through 41-6-148.33 --**

93 **Definitions.**

94 (1) Sections 41-6-148.29 through 41-6-148.33 apply to all motor vehicles ~~[with an original~~
95 ~~manufacturer's gross vehicle weight rating of 15,000 pounds or less]~~ operated or parked
96 on a highway within the state.

97 (2) As used in Sections 41-6-148.29 through 41-6-148.33:

98 (a) "Commissioner" means the commissioner of the Department of Public Safety.

99 (b) "Frame" means the main longitudinal structural members of the chassis of the
100 vehicle or, for vehicles with unitized body construction, the lowest longitudinal
101 structural member of the body of the vehicle.

102 (c) "Frame height" means the vertical distance between the ground and the lowest
103 point on the frame. The distance is measured when the vehicle is unladen and on
104 a level surface.

105 (d) "Gross vehicle weight rating (GVWR)" means the original manufacturer's gross
106 vehicle weight rating, whether or not the vehicle is modified by use of parts not
107 originally installed by the original manufacturer.

108 (e) "Manufacturer" means any person engaged in manufacturing or assembling new
109 motor vehicles utilizing new parts or components, or a person defined as a
110 manufacturer in current applicable Federal Motor Vehicle Safety Standards
111 (FMVSS).

112 (f) "Mechanical alteration" or "mechanical lift" means modification or alteration of the
113 axles, chassis, suspension, or body by any means, including tires and wheels, and
114 excluding any load, which affects the frame height of the motor vehicle.

115 (g) "O.E.M." means original equipment manufacturer.

116 (h) "Original equipment" means an item of motor vehicle equipment, including tires,
117 which were installed in or on a motor vehicle or available as an option for the
118 particular vehicle from the original manufacturer at the time of its delivery to the
119 first purchaser.

120 (i) "Wheel track" means the shortest distance between the center of the tire treads on
121 the same axle. On vehicles having dissimilar axle widths, the axle with the widest
122 distance is used for all calculations.

WORKING DRAFT -- FOR DISCUSSION PURPOSES ONLY

123 (3) The provisions of Sections 41-6-148.29 through 41-6-148.33 do not apply to the following
124 vehicles:

- 125 (a) implements of husbandry;
- 126 (b) farm tractors;
- 127 (c) road machinery;
- 128 (d) road rollers; and
- 129 (e) historical vehicles or horseless carriages that have been restored as near to
130 original condition as is reasonably possible.

131 **41-6-148.33. Bumpers.**

132 (1) Every motor vehicle shall be equipped with a bumper on both front and rear of the vehicle,
133 except those that were not originally designed or manufactured with a bumper or
134 bumpers.

135 (2) (a) On all motor vehicles ~~[under 15,000 GVWR,]~~ required to have bumpers under
136 Subsection (1). bumpers shall be:

- 137 (i) at least 4.5 inches in vertical height;
- 138 (ii) centered on the vehicle's center line; and
- 139 (iii) extend no less than the width of the respective wheel track distance.

140 (b) Bumpers shall be securely mounted, horizontal load bearing, and attached to the
141 vehicle's frame to effectively transfer impact when engaged.

142 (3) When any motor vehicle is originally or later equipped with bumpers, the bumpers shall
143 be maintained in operational condition and shall comply with this section.
144

145 4. *Under Section 41-6-149, posters and other non-transparent material are allowed on rear windows. Front*
146 *side windows must allow at least 43% light transmittance. No mention is made for rear side windows*
147 *behind the driver. -- should this be clarified to be the same as rear windows?*

148 **41-6-149. Windshields and windows -- Tinting -- Obstructions reducing visibility --**

149 **Wipers -- Prohibitions.**

150 (1) Except as provided in Subsections (2) and (3), a person may not operate a motor vehicle
151 with:

- 152 (a) a windshield that allows less than 70% light transmittance;
- 153 (b) a front side window that allows less than 43% light transmittance;

WORKING DRAFT -- FOR DISCUSSION PURPOSES ONLY

- 154 (c) any windshield or window that is composed of, covered by, or treated with any
155 material or component that presents a metallic or mirrored appearance; or
156 (d) any sign, poster, or other nontransparent material on the windshield, sidewings, or
157 front side windows of the motor vehicle except:
158 (i) a certificate or other paper required to be so displayed by law; or
159 (ii) the vehicle's identification number displayed or etched in accordance with
160 rules made by the department.
- 161 (2) Nontransparent materials may be used:
162 (a) along the top edge of the windshield if the materials do not extend downward
163 more than four inches from the top edge of the windshield or beyond the AS-1 line
164 whichever is lowest;
165 (b) in the lower left-hand corner of the windshield provided they do not extend more
166 than three inches to the right of the left edge or more than four inches above the
167 bottom edge of the windshield; or
168 (c) on the rear windows including rear side windows located behind the vehicle
169 operator.
- 170 (3) A windshield or other window is considered to comply with the requirements of
171 Subsection (1) if the windshield or other window meets the federal statutes and
172 regulations for motor vehicle window composition, covering, light transmittance, and
173 treatment.
- 174 (4) Except for material used on the windshield in compliance with Subsections (2)(a) and (b),
175 a motor vehicle with tinting or nontransparent material on any window shall be equipped
176 with rear-view mirrors mounted on the left side and on the right side of the motor vehicle
177 to reflect to the driver a view of the highway to the rear of the motor vehicle.
- 178 (5) (a) The windshield on every motor vehicle shall be equipped with a device for
179 cleaning rain, snow, or other moisture from the windshield. The device shall be
180 constructed to be operated by the driver.
181 (b) Every windshield wiper on a motor vehicle shall be maintained in good working
182 order.
- 183 (6) (a) A person may not have for sale, sell, offer for sale, install, cover, or treat a
184 windshield or window in violation of this section.

WORKING DRAFT -- FOR DISCUSSION PURPOSES ONLY

- 185 (b) A person who violates this section is guilty of a class C misdemeanor.
- 186 (7) Notwithstanding this section, any person subject to the federal Motor Vehicle Safety
- 187 Standards, including motor vehicle manufacturers, distributors, dealers, importers, and
- 188 repair businesses, shall comply with the federal standards on motor vehicle window
- 189 tinting.
